

2002 Golden Jubilee

As a typical modern marketing idea, the first coin of this collection was offered at a special bargain offer price of just £14.957 aq bn0; a "saving" of £24.55; followed by a saving of over 5% on all the following coins which were offered at £39.50 each, but the exact non-special offer price for these was not specified, and the two UK crowns were only £32.50 each instead of £34.50 each bought separately.
