Dear Mr Green,

1981 £1 Coins

I refer to your letter of the 28th January 1986 addressed to the Treasurer in which you confirmed the stocks held by the Royal Mint on behalf of the States of Jersey at the 31st December, 1985.

In a report to management on the 1985 Accounts the States Auditor has requested that the 432 X £1 circulation coins be shown in the Treasury Stock Records and therefore I would be pleased if you would kindly arrange for these coins to be sent to this office so that they will physically form part of the reserves for which I am responsible.

Your kind attention, in due course, is appreciated.

Yours sincerely,

Channel Islands

Dear Robin,

I enclose statements for the Royal Wedding coins and the £1 gold, silver and cupro nickel coins as at the 31st March 1982. As you know that coincides with the end of our financial year.

Unfortunately I cannot finalise the accounts because sales will continue to trickle in over the next few months because of the ongoing subscription programme on the Royal Wedding.

However, I hope to finalise the £1 account within the next month or so. I have not arranged for an interim payment on these statements but will send you a final payment in due course as the sums are now so small.

Yours sincerely,

D. Martin Jones

DATE: 7th June 1983

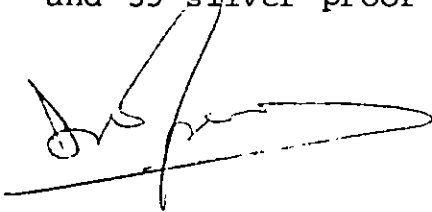

TO:
Mr. A.R. Lotherington

JERSEY

We discussed the letter from Robin Harris to David Snell and Mr. Snell's subsequent minute to yourself.

I confirm that I have already written to Robin Harris with final statements for the 1980 proof set and interim statements for the other issues. I have also arranged for money to be paid to Jersey.

As far as Jersey's account with the bureau is concerned I have today written to Robin Harris notifying him that our records show Jersey owe us for 5 gold proof and 35 silver proof coins.

D. Martin Jones

Royal Mint

7 Grosvenor Gardens, London, SW1W 0BH. Telex 267321 Telephone 01 828 8724-8

7th June 1983

Mr. Robin Harris,
Principal Accountant,
States of Jersey Treasury,
P.O. Box 353,
The Parade,
St. Helier,
Jersey

Dear Robin,

Thanks for your letter of 27th May 1983. As far as the 1980 proof set is concerned I am arranging for a cheque for £4,029.46 to be sent to you.

I have also had opportunity to comb through our files on the £1 coin and in particular the issues made to you from our bureau.

There is in fact a sum of money outstanding to cover the cost of 5 gold proofs and 35 silver proofs.

You received a total of 31 gold proofs and 255 silver proofs from the bureau and to date you have been invoiced and have paid for 26 gold and 220 silver coins. I am arranging for an invoice to be raised for these coins and will forward it to you in the near future.

I am sorry that I have not been able to provide you with further statements for your other issues but since I wrote to you last I have been away from the office on leave.

I look forward to seeing you in the not too distant future.

Yours sincerely,

D. Martin Jones

JERSEY AND GUERNSEY £1 COINS

Your memo of 15 June refers.

I can confirm that an Invoice (No. N2048) was submitted to the Post Office Board for 55 x Guernsey Gold Ordinary and 166 x Guernsey Gold Piedfort coins.

An Invoice (No. N2047) was issued to the States Treasury, Jersey, for 31 x Jersey Gold and 255 x Jersey Silver Coins, quantities which agree with your instructions and our records. However, the invoice was returned with a note to Mr Woodman's Section pointing out that only 26 Gold and 220 Silver Coins had been received and asking for an amended Invoice. As I have stated all of our records indicate that the correct quantities were despatched in which case the States Treasury has now been undercharged.

I should be grateful if you would clarify the situation with them.

JERSEY & GUERNSEY £1 COINS

Thank you for your memo of 11th June 1981 regarding the invoicing of these coins.

Guernsey

The ordinary coinage delivered to the States Treasury should be invoiced at cost, that is £46.50 per 1,000.

The gold coins should be invoiced as follows:-

GOLD Coins:

8 coins were supplied direct to the States Treasury. These should be invoiced at bullion plus manufacturing. The manufacturing cost was £5.75. This invoice should be off-set against the income from marketed sales.

The Treasury also had two piedfort coins which should be invoiced at bullion plus manufacturing cost of £13 per coin. These again should be off-set against income from marketed sales.

The Philatelic Bureau took delivery of 55 ordinary size coins and 166 piedfort coins. These should have been invoiced as marketed sales by Marketing through Mr. Clarke. The Post Office Board should have been charged at the international dealer rate.

Jersey

Jersey should already have been invoiced for their ordinary coins but I understand the precious metal coin invoices are still outstanding. The situation is as follows:-

Gold Coin:

Jersey prepaid the bullion for 250 gold coins. They subsequently took delivery of 1,000 gold coins and they should be invoiced for the manufacturing cost of 1,000 coins and the bullion plus interest to 31st December from the 1st November for a further 750 coins.

Manufacturing cost was £18 including case.
They subsequently took delivery of a further 23 coins which were charged through Marketing as marketed sales at full marketed price. These should have been invoiced by Marketing. These coins were covered in my telex of 14th January. My telex of 9th February also requested the delivery of 3 Jersey gold proof coins, again to be counted as marketed sales. These again should have been invoiced by Marketing. Mrs. Verman eventually raised the quantity of the gold coins for local issue to 1,031 of which 1,000 were for direct sale and the 31 were to be charged at marketed price. Can you please confirm that a full 31 coins were invoiced at marketed price.

Cont'd.....

MEMORANDUM

TO: Mr. D. Unwin

c.c. Mr. R. Birk
Mr. R. Clarke
Mr. P. Thomas

J. Kelly

RE:)

DATE: 15th June, 1981

JERSEY & GUERNSEY £1 COINS (CONT'D.)

- 2 -

Since March, because of the low sales figures from the Royal Mint, it has been agreed that any further gold coins issued to the States Treasury should be charged at manufacturing plus bullion plus interest on the bullion from 1st November to 31st December. A few coins have been ordered at this rate and should be either already issued or in the process of being issued. Please ensure that only 31 coins are charged as marketed sales, 250 with prepaid bullion and the balance at bullion plus manufacture plus interest from 1st November to 31st December. The last of the orders for gold coins for delivery to the Island, which may or may not have been completed, was contained in my telex of 8th June where I requested 3 gold coins to be sent.

Silver Coin:

The States Treasury originally prepaid bullion for 1,000 silver coins. They should be charged for the manufacturing cost only of these 1,000 coins. The agreed price for the manufacture was £3 including the cost of a case. A further 3,000 coins were delivered with the first batch and these 3,000 should be charged at bullion plus manufacture plus interest from 1st November to 31st December.

An additional 255 coins were taken from the marketed allocation and these should have been charged by Marketing at full selling price to the States Treasury.

~~Can all parties please check the relevant section of the information contained in this report and advise of any discrepancies regarding the invoicing from their area.~~

I would be grateful if all invoices still outstanding could be raised immediately.

D. Martin Jones, Esq.,
Manager Overseas Coin Sales,
The Royal Mint,
7 Grosvenor Gardens,
LONDON
SW1W OBH

Dear Martin,

Thank you for your letter dated 10th May. We have now received payment for sales up to 31st December, 1982, except for the £4,029.46 due on the 1980 proof sets. I remember at the time that we were disappointed that the 1980 proof sets were not marketed earlier and I believe you accepted our surplus sets back with a full refund because of this. I do not propose to argue about the increased marketing charges, which are in any case offset by increased sales according to your final statement. Perhaps you would now let me have a cheque for £4,029.46.

In my letter to David Snell I asked for confirmation that our account with your Bureau is clear. We did take some coins relating to the old £1 issue from the Bureau as if we were dealers because our allocation had been a sell out. We do not think that we owe them anything but we would like a certificate for audit purposes. A letter from yourself would probably suffice.

Yours sincerely,

R. E. Harris

Mr Davies / What is the position please? S 12/5/83

Dear Mr. Snell,

I refer to a visit to the Royal Mint at Llantrisant by myself on the 14th and 15th February, 1983 where I had an opportunity to discuss with your Mr. Davies certain aspects of the accounting between the Royal Mint and the States of Jersey.

A number of items outstanding in our books have been cleared but the following relating to 1982 and earlier years remain outstanding as at 31st December, 1982, as detailed on the enclosed statement.

A number of coins were supplied direct from your bureau on dealers terms and I would be grateful for confirmation that our account with the bureau is clear.

I would be grateful if you could confirm these outstanding amounts and send me a cheque for the balance due.

I would also be grateful for a statement of transactions from 1st January, 1983 to date, and for the submission of monthly statements thereafter.

Yours sincerely,

Mr. Robin Harris,
States of Jersey Treasury,
P.O. Box 353,
The Parade,
St. Helier,
Jersey

Dear Robin,

I refer to your letter to David Snell dated the 28th April, 1983. I enclose statements giving details of our account with you as at the 31st December, 1982 for the issues in question.

As you will see from my statements the figures on everything except the 1980 proof sets correspond with those shown in your letter to David Snell.

The amount due on the 1980 proof set is in fact less than you show because of further promotional costs that we were involved with and a downturn in expected sales as a result of those promotions. I think, in retrospect that part of the reason was the availability of the 1981 set at the same time as we were still promoting the 1980 set. It so happens that sometimes bringing a newer set onto the market stimulates interest in the old set. In this case it did not seem to happen.

The figures for the 1980 proof set are final and the others are interim statements. I shall be forwarding by telex within the next week the details of sales for January, February and March and I hope to finalise these other issues at the earliest possible moment.

Yours sincerely,

D. Martin Jones

Your Ref :

Our Ref : REH/JCS A/T 8

Date 28th April, 1983

Dear Mr. Snell,

I refer to a visit to the Royal Mint at Llantrisant by myself on the 14th and 15th February, 1983 where I had an opportunity to discuss with your Mr. Davies certain aspects of the accounting between the Royal Mint and the States of Jersey.

A number of items outstanding in our books have been cleared but the following relating to 1982 and earlier years remain outstanding as at 31st December, 1982, as detailed on the enclosed statement.

A number of coins were supplied direct from your bureau on dealers terms and I would be grateful for confirmation that our account with the bureau is clear.

I would be grateful if you could confirm these outstanding amounts and send me a cheque for the balance due.

I would also be grateful for a statement of transactions from 1st January, 1983 to date, and for the submission of monthly statements thereafter.

Yours sincerely,

R. E. Harris

JERSEY GOLD COINS

£1

I believe there is an intention to issue a new £1 coin for the States Treasury of Jersey and I also believe there will be a new coin issued each year, one for each of the twelve states of Jersey. In view of this it might be worth considering whether we offered a marketing proposal to Jersey to promote a series of gold £1 coins similar to the campaign that we have undertaken in the past for the Hong Kong Lunar Year series (possibly using the same concept of a boxed cabinet for the collection).

If a gold coin series would not be possible for legislative reasons then the alternative of a silver piefort series might be worth considering.

Forwarded for your consideration.

A W WALLACE
ASSISTANT DIRECTOR MARKETING
6 December 1982

Mr Jones, I think Jersey intend to issue a silver P.F. version of their £1 and would probably issue a silver series. The problem is Jersey have a memorandum advise who prefer to handle issue small 2 equal as £1 mint. Discuss further with

JERSEY

THE STATES TREASURY WISH THE NEW 20P COINS TO BE SHIPPED AS SOON AS THEY ARE AVAILABLE WITH AN OVERRIDING REQUIREMENT THAT THE COINS MUST BE AVAILABLE FOR DISTRIBUTION IN JERSEY BY THE 4TH OF JUNE.

IN ADDITION TO THE 20 PENCE COINS THEY ARE REQUESTING THAT WE SHIP ALL £1 COINS REMAINING IN STOCK TOGETHER WITH THE BALANCES OF THE 1981 COINS.

CAN YOU PLEASE MAKE THE NECESSARY ARRANGEMENTS FOR THE SHIPMENT OF THESE COINS AND ADVISE ME OF THE LATEST DATE WHICH WOULD BE ACCEPTABLE FOR THE 20 PENCE COINS. IT IS LIKELY THAT THE 20 PENCE WILL NOT BE PRODUCED UNTIL THE VERY LAST MINUTE.

KIND REGARDS,

JOHN KELLY.
