OFF SALE DATES

Thank you for your memo dated 5 November, listing products which you propose taking off sale as at 31 March 1988.

As already mentioned to John Parker, it might be premature to include the Guernsey 1987 £2 PNC in the list, particularly if sales are nowhere near the minting limit. This product is only just being offered to our retail customers, due to late availability of postage stamps, and I would prefer it to remain on sale during 1988, particularly as there will be no new PNC next year.

There is no objection to the remaining Guernsey 1987 items, and the Jersey St. Grouville coins coming off sale from the proposed dates.

JERSEY Order 647

Reference your query about the apparent overpayment of £9.42 in July, please note that the customer's order for silver proofs was increased from 882 pieces to 888, which increased the total bullion cost from £1,383.20 to £1,392.62. Invoicing instructions should have been amended at that stage. If this was not the case, a supplementary invoice should be raised for the difference of £9.42

I trust that this clarifies the position.

ST OVEN 28/9-26/10
JERSEY SUBSCRIPTION

DELIVER BY MID NOV

JERSEY

A NEW REVERSE DESIGN FOR THE PROOF ONE POUND COIN

On 21 April 1983, the island of Jersey issued a newly designed £1 coin which was to be the first in a series of twelve featuring the emblems of each of the islands' twelve parishes.

Now available is the ninth coin in this superb collection featuring the emblem of the parish of St Owen.

LEGAL TENDER GOLD AND SILVER COIN

The Jersey St Owen £1 coin, as with all the coins in this series, is legal tender and available in both 22 karat gold and 925 Sterling Silver. Both versions are struck with meticulous care to the most exacting standards of proof quality with the obverse featuring the world famous profile portrait of HM The Queen which has not been used on United Kingdom coins since January 1981 when a new effigy by Raphael Maklouf was first introduced.

✓ The reverse design features the emblem of the parish of St Owen which features a cross.

3 ✓ The picturesque Bailiwick of Jersey is a dependency of the Crown and has been closely associated with England for over nine centuries, having been part of the Duchy of Normandy when the Norman, William the Conqueror invaded England in 1066.

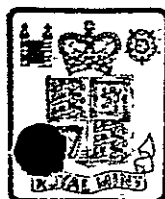

This association was further embraced when in 1983 both countries issued a newly designed round £1 coin, both showing very similar characteristics, most notable of which is the distinctive edge lettering which on the Jersey £1 coin reads 'CAESAREA INSULA', the latin name for Jersey given by the Roman Antonine in 43 AD.

ATTRACTIVE ISSUE LIMIT

What has made the coins in this series so attractive to collectors is the very low issue limits of both the gold and silver proofs. Only 250 of the gold proofs and 2500 of the silver proofs will ever be available for worldwide

distribution. Allocations for North America are very limited because of worldwide demand and with past issues in this collection already sold out, it is advisable to place orders as soon as possible to avoid disappointment.

COINS SOLD BY THE ROYAL MINT

I enclose herewith statements of coins sold by the Royal Mint up to 30 June 1987. You are due the further sum of £1,059.65, and our cheque for this amount is enclosed.

Further comments on the sales are as follows:

Commonwealth Games

In spite of the comment in my letter dated 19 May, there were a few additional sales brought to account between April and June. So far as I am aware at present, we have now reached the final figures.

St Brelade Gold Proof

The total has been corrected to 41 pieces, as confirmed in my letter dated 4 June.

St Peter Gold Proof

We had 52 confirmed sales as at end June. We still anticipate selling the final coin, and I have asked the marketing people to seek confirmation of the dealers provisional order.

St Ouen Proofs

We wish to have an initial allocation of 50 gold proofs and 950 silver proofs. If this is acceptable, we will confirm the quantities of presentation cases and leaflets which are required. We assume that the equivalent quantity of St Helier Gold Proofs will be supplied to us nearer the time of manufacture.

JERSEY ST OUEN £1 COINS - ORDER 687

I enclose herewith a copy of the reference material provided by the customer for the parish of St Ouen. For your information, Jersey's subscription list for these coins will be open between 21st September and 26th October.

Peter Green
26th August 1987

STATES TREASURY

THE PARISH OF ST OUEN

The emblem of the Parish of St Ouen provides the feature for the next £1 coin to be issued in the Parish Emblem series.

The emblem which dates back to A.D. 1053 is a cross of gold on a blue background.

St Ouen is the largest of the twelve parishes of Jersey and forms the north-west corner of the Island. It is divided into cueillettes, not vingtaines as in other parishes. This is an old custom and survives only in St Ouen.

One of the many features of the parish is St Ouen's Pond by far the largest stretch of natural freshwater in Jersey. It is owned by the National Trust for Jersey and provides a very necessary nature reserve.

Continuing along the coast road one arrives at Le Mielle de Morville an area which, recently, has been subjected to landscape restoration. Amenities, not previously available, may be enjoyed today. Picnic, barbecue, and parking areas allow for participation in a wide variety of leisure interests.

As the vastness of the St Ouen's Bay edges towards L'Etacq, the expanse of beach gives way to the rugged moorland terrain surrounding Grosnez where the remains of the Castle dating back to the 14th century, are to be found.

The cliff walk at Les Landes provides excellent views of this exciting coastline and it serves as a vantage point for distant views of the other Channel Islands.

There is much to interest the archaeologist in St Ouen. The Dolmen des Monts at Grosnez is a prime example of a Neolithic passage grave and at Le Pinacle - a rock of some 200 feet rising sheer out from the sea - there are further remains of the Neolithic age.

Visitors too will find much to interest them in St Ouen's. The expanse of quality beach, horse racing at Les Landes, a woodcraft centre at L'Etacq and a Battle of Flowers museum displaying the skills and talents of a lifelong exhibitor, Miss Florence Bechelet, are just examples of what can be seen and enjoyed.

Following a query by the customer about sales of St Brelade gold proofs as at 31 March 1987 (period 12 statement), it was discovered that a sale of 2 coins had been duplicated and the correct should have been 41.

I have now received the period 3 statement, which still indicates the total sales to be 43. Please let me know urgently whether the earlier figure has not been correct^{ed}, or whether you regard the true figure to be 43.

It is particularly important to be able to rely on your figures, as we are required to purchase bullion for these coins from Jersey in the form of surplus St Helier gold coins, and we do not want to be purchasing bullion needlessly at inflated prices.

JEERSEY ST OUEN £1 COIN

The customer was sent photographs of the plaster model prepared ~~and~~^{at} Llantrisant and in reply said that he is not entirely satisfied with the lettering. In particular, he would like us to re-examine the words "St. Ouen". In his view the letters "o" and "u" are out of alignment.

Will you please arrange for the model to be modified and for me to receive a fresh set of photographs. If you are in any doubt as to the modification which is required, perhaps we could discuss in the first instance.

Regards,

Peter Green

Dear Mr Green,

Thank you for providing photographs of the plaster model of the St. Ouen £1 Coin. I am not entirely satisfied with it however. Could you re-examine the "ST. OUEN". It appears that the O and the U requires a little adjustment. It is difficult to say what is required but I feel it is not quite as it should be.

I hope my observation will not cause undue inconvenience.

Yours sincerely,

F. H. Le Marquand,

ST OEUEN PARISH COINS

I am enclosing photographs of the plaster model which has been prepared for the second of your 1987 issues. We trust that you are entirely satisfied with the relief representation of the design, and that we may have your authority to continue with master tools.

Reproduction samples will be available for final approval some eight weeks from receiving your authority to continue with master tools.

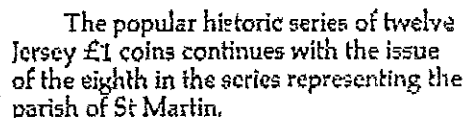

Yours sincerely

This notable issue coincided with the issue of another £1 coin, that of the United Kingdom. The two coins share a number of similarities which symbolise the close links that were forged between the two countries when the Duke of Normandy (to whose Duchy the Channel Islands were annexed) defeated King Henry at the battle of Hastings in 1066 and became King William I of England.

The Jersey £1 coins represent an unique collection of coins because each coin features on its reverse one of the emblems of the islands twelve parishes.

The first in the series featured the parish of St Helier followed by the parishes of St Saviour, St Breisle, St Clement, St Lawrence, St Peter and the parish of Grouville.

The emblem of St Martin consists of a shield with seven alternate horizontal bands and makes a delightful subject for the reverse design of this lovely £1 coin.

The obverse which is common to all twelve coins in the series features the striking portrait by Arnold Machin of Her Majesty Queen Elizabeth II.

Like the UK, £1, the Jersey coin also features highly distinctive edge lettering which reads CAESAREA INSULA (The latin name for Jersey)

Available in 22 karat gold and lustrous sterling silver, this beautiful frosted proof coin represents the ultimate achievement of the minter's art and is sure to be admired throughout the world by the most discerning numismatists.

Very Restricted Issue

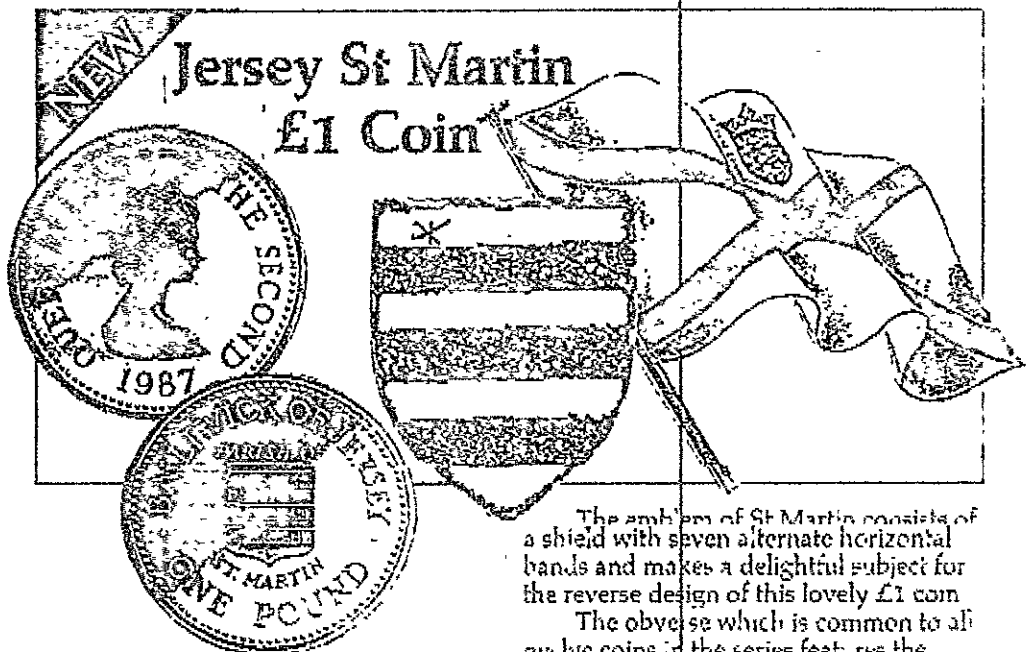

Only 250 of the world's coin collectors will own the 22 karat gold Jersey St Martin £1 coin and only 250 will own the sterling silver version. Demand is expected to be high and all orders will be fulfilled on a strict first come first served basis. Collectors are advised to order without delay.

Peter, This is the proposed layout
of the Jersey St Martin £1 for
insertion into Chronicle 18.
May I ask you to glance at it to
and confirm (or otherwise) that all
order.
I propose to have cent work done
marked $\frac{1}{2}$. It's slightly different in shape
to that which appears on the coin. Does it
matter?

The popular historic series of twelve Jersey £1 coins continues with the issue of the eighth in the series representing the parish of St Martin.

This notable issue coincided with the issue of another £1 coin, that of the United Kingdom. The two coins share a number of similarities which symbolise the close links that were forged between the two countries when the Duke of Normandy (to whose Duchy the Channel Islands were annexed) defeated King Henry at the battle of Hastings in 1066.

The Parishes of Jersey Immortalized in Gold and Silver

The Jersey £1 coins represent an unique collection of coins because each coin features on its reverse one of the emblems of the twelve parishes.

The first in the series featured the parish of St Helier followed by the parishes of St Saviour, St Brelade, St Clement, St Lawrence, St Peter and the parish of Grouville.

The emblem of St Martin consists of a shield with seven alternate horizontal bands and makes a delightful subject for the reverse design of this lovely £1 coin.

The obverse which is common to all twelve coins in the series features the striking portrait by Arnold Machin of Her Majesty Queen Elizabeth II.

Peter, This is the proposed layout of the Jersey St Martin £1 for insertion into Chronicle 18.

1) May I ask you to glance at the text and confirm (or otherwise) that all is in order.

2) I propose to mark down the shield marked * - slightly different - to that which appears on the coin. Does the number?

Dear Mr Le Marquand

COINS SOLD BY THE ROYAL MINT

Thank you for your letter dated 20 May about quantities of gold proof Parish coins sold by the Royal Mint.

The answers to your queries are as follows:

St Brelade

✓ 41 coins have been sold, which is the total of 35 to 31 December 1985, a further 5 to ~~E-M~~ Monins, plus the additional one referred to in my letter dated 17 February 1986. Regrettably, sales of 2 coins were duplicated in our records with the result that you have been overpaid by £60.00. This error has been repeated on all sales statements commencing 30 June 1986. The figure will be corrected when the next statement is prepared, when the overpayment can be set against the next payment of royalties.

St Peter

Our sales statements are based on completed sales, that is orders for which payment has been received and the coins issued. On this basis, the total to end March is 50 coins as stated and it now stands at 52. The final coin was reserved by a dealer and confirmation of his order is anticipated shortly.

I trust that this clarifies the position, and I much regret the error which you suspected on the St Brelade issue.

Yours sincerely

Dear Mr Green

Thank you for your letter of the 19th instant enclosing your remittance and statement of sales to the 31st March 1987. I agree the calculations.

There are two queries however. From records in my possession I cannot agree the total sales of St Brelade gold. Perhaps you would provide me with a reconciliation. Two letters, dated 28.1.86. and 17.2.86, refer to St Brelade gold coins but I cannot arrive at the final figure of 43. Also, your telex dated 10th March 1987 asked for permission to increase the allocation of St Peter by 3 and reduce Grouville accordingly. Should sales for St Peter be 53 or will this be reflected in the next quarterly statement?

Your confirmation in due course will be appreciated.

Dear Mr Le Marquand

Coins Sold by the Royal Mint

Further to my letter dated 22 January, I am now enclosing statements showing sales of Parish and Commonwealth Games coins up to 31 March 1987. You are due the further sum of £547.12, and our cheque for this amount is also enclosed.

As you will see, there were a few extra sales of Commonwealth Games coins, which were brought to account after the closing date of 31 March. So far as I am aware at present, the new totals are likely to be the final figures.

I take the opportunity to thank you for your letter stated 14th and 15th May, about the 1987 programme for Parish Series coins. Thank you for drawing my attention to your discount structure which you had previously given in your letter dated 24 February. I confirm that we will be adopting similar terms for our trade sales.

We have noted your provisional programme for the St Ouen coins, and space is being reserved in our manufacturing programme accordingly. Later in the year we will confirm the allocations which we would wish to have for Royal Mint sales.

Yours sincerely

THE PARISH OF ST. MARTIN

The emblem of the Parish of St. Martin is featured upon the reverse of the next £1 coin to be issued in the Parish Emblem series.

Seven alternate silver and red horizontal bands form the emblem and this can be seen quite clearly in the detailed engraving on the coin. The emblem is that of St. Martin Le Vieux (AD 1042).

The Parish of St. Martin is in the east of the Island, a quiet and rural area with many delightful features. Although it is predominantly agricultural, tourism plays its part with visitors to the Island enjoying the many bays and coves that form an extensive coastline. However, the most prominent feature must be Mont Orgueil Castle which dates back to the 13th Century. It is a fine relic of great historic interest standing high above the little harbour of Gorey and dominating the east coast.

Beyond Gorey there are such bays as Anneport, Archirondel, St. Catherine and Rozel - all offering natural unspoiled beauty. The breakwater at St. Catherine's stretches well out into the bay and was built in the 1840's by the British Government as part of a harbour scheme to provide greater protection to the Island. Unfortunately it was ill placed and never achieved its purpose. Today it is a haven for local fishermen, both amateur and professional.

From most vantage points around this coastline there are fine views of a reef of islets and rocks called Les Ecrehous which although are midway between Jersey and French Coast form part of the Parish of St. Martin - yet another unique feature.

The Parish Church is probably the oldest centre of worship in the Island.

Dear Mr Le Marquand

1987 PARISH SERIES PROOF COINS

As requested in your letter dated 22 April, I am writing with our quotation for proof versions of your St Martin and St Ouen £1 coins, which are scheduled for issue this year.

PRICE

Our prices for coins of frosted proof standard are as follows:

<u>Alloy</u>	<u>Weight Grammes</u>	<u>Assumed quantity of each design</u>	<u>Unit Price CIF Jersey</u>
			£
925 silver	11.68	2000	5.95
916.7 gold	19.65	100	23.60

These prices are exclusive of bullion, and they are based on assumed total production orders for each design. The prices are subject to review if there is significant difference in the total quantities.

BULLION

We assume that bullion for gold coins will be provided in the form of surplus St Helier gold proofs, which will be made available to us when you confirm your local order. The price for silver proofs assumes that bullion will be purchased when you confirm your order. In order to avoid financing charges, we will telex you full details of the silver purchase, for repayment within 48 hours by telegraphic transfer to the Royal Mint account at the Bank of England. The total cost of bullion will include a brokerage charge of one quarter per cent, which is standard on such transactions.

PACKAGING

Our prices assume packaging in acrylic capsules only, and the use of outer packaging suitable for delivery of your order to Jersey.

MASTER TOOLS

Master tools for these coins will be available from your order dated 21 January for circulation coins.

DELIVERY

We confirm that St Martin coins ordered by 29 June can be despatched to you by 20 July. It would be helpful to know the proposed issue date for the St Ouen coin, in order that capacity can be reserved in our manufacturing programme later in the year.

TERMS OF PAYMENT

Our prices assume payment for costs of manufacture and delivery within one month from receipt of invoice.

ROYAL MINT MARKETING

We confirm that the Royal Mint wishes to continue to sell these coins on your behalf. We trust a continuation of the existing arrangements will be satisfactory, whereby we will pay you royalties of 10% for gold proofs and 12.5% for silver proofs on each coin sold.

The Royal Mint wishes to have initial allocations for St Martin coins of 50 gold proofs and 950 silver proofs, and I would be grateful to know that this is acceptable. We assume that you will wish to continue to supply presentation cases for coins sold by the Royal Mint. If so, our requirements for St Martin coins are as follows:

<u>Alloy</u>	<u>Presentation Case</u>	<u>Leaflets</u>
Gold	55	60
Silver	650	700

Ø We would be grateful if you could kindly confirm your retail prices for this years coins. When we have these figures, we would like to have the opportunity of reviewing the discounts which we offer the trade for bulk purchases, and perhaps we could discuss this matter separately before you decide your own arrangements.

We look forward to receiving your further instructions.

Yours sincerely

Mr. P. Green,
Royal Mint,
7 Grosvenor Garden,
LONDON,
SW1W 0BH.

Dear Mr. Green,

In February 1986 I received a quotation from you in respect of the production costs of the 1986 Parish coins in gold and silver. The letter also indicated the packaging requirements etc for the marketing by yourselves of the first of these issues namely the Parish of St. Peter.

Would you kindly provide similar information and details for the issue of two further coins in 1987 - the Parish of St. Martin and the Parish of St. Ouen.

The order list for St. Martin will be open from 1st - 29th June with an issue date of 20th July if that slots conveniently into your production schedule.

I await your reply in due course.

Yours sincerely,

F.H. LE MARQUAND

JERSEY £1 ST MARTIN' COINS

Please note that the next coin in the series will be the St Martin design. This is scheduled for issue in the summer and Jersey's own subscription list is scheduled to be opened between 1-29 June. St Martin coins should not therefore be promoted before 1 June.

For your information, Jersey's coin in the wildlife series is scheduled for local issue during April. The St Martin issue has been deferred so that there is no conflict between the two issues.

If you have any comments on the timing, perhaps we could discuss.
