

**The Star Tuesday 20 March 1877**  
**JERSEY.**  
**RETURN OF THE OLD COPPER**

The quantity of old Jersey copper, exchange it for the new coin this week, amounted to £112 11s., making a total up to this date of only £291 5s. As was intimated last week, it would save a great deal of inconvenience if shopkeepers and others having any quantity, large or small in their possession, would at once send it in to the Treasurer of the States, and not wait until the last day to return it.
